### KNOTS USED

Lark's head knot

(see at the end step by step tutorials for these knots)

### BEFORE STARTING

Cut the following:

4x 120 cm ropes colour 00110  
6x 15 cm ropes colour 00110

### STEPS

**Step 1:** Take 2 of the 120cm cords and attach to the wooden hoop with a reverse lark's head knot. Create a square knot.

**Step 2:** Attach 2 cords of 120 cm to the outer pieces of yarn with a reverse lark's head knot, leaving a small gap about fingertip size take 4 cords to the left and create a square knot repeat on other side.

**Step 3:** Repeat step 2 5 times the knots will become more 1/2/3/4/5/6/7. Try and keep the knots in line until you reach 7 square knots across the bottom.

**Step 4:** Divide the ends in to 4. Use the 6 cords of 15cm and loop knot each 4 section with a **wrap knot**. Make sure you do this behind so the front stays clean.

**Step 5:** Trim all the bottom to desired length and gently fray the bottom.

Note: Due to the fact, that Crafty Fine yarn is recycled from colour-assorted textile material and not re-dyed there can be slight variations in color and thickness. We therefore recommend buying enough yarn for your project. We also advise to use a crochet needle without handle, which is easier to work with. The first stitches might be a little bit hard to work, but you will soon get used, and the final result is worth it.

### WASHING ADVICE

Always wash in as warm a water temperature as possible - up to the temperature recommended, with a short spin. Use a lot of water if hand washing. For darker colours we recommend the use of discolouration sheets. Do not bleach.

Do not tumble dry. Drip-dry on a horizontal surface.  
Iron on a hot temperature setting using a damp cloth.  
Professional dry cleaning in tetrachloroethylene.

### WRAP KNOT

**Step 1:** The filler cords/strands should be arranged as parallel as possible in a bundle.

**Step 2:** Take a short cord (= wrapping cord) and create a loop approx. 5 cm long. Place the loop on top of the cord bundle.

Wrap the long end of the wrapping cord around the bundle of threads and the cord's own loop once and pull tightly.

**Step 3:** Then continue to wrap the wrapping cord from top to bottom until the desired length of the gathering knot is achieved. Make sure that the wraps are close together.

To secure the wrapping cord, bring the end of it through its loop.

**Step 4:** Carefully tug on the beginning and the end of the wrapping cord until the loop disappears under the wraps. Cut the end of the wrapping cord.
